Detailed description of the assembly instructions: The instructions are presented in a 3x3 grid of panels. Panel 1 shows the lamp body and its cap. Panel 2 shows the mounting bracket being attached to the lamp body. Panel 3 shows a hand turning a switch to the 'OFF' position. Panel 4 shows a drill being used to create a hole in a wall, with a diameter of 6mm. Panel 5 shows the mounting bracket being secured to the wall with screws. Panel 6 shows the electrical wiring being connected to the lamp's internal terminals. A circular inset provides a detailed view of the wiring terminals, labeled 'N' for neutral and 'L' for live, with dimensions of 5mm and 28mm. Panel 7 shows the lamp body being attached to the wall-mounted bracket. Panel 8 shows the cap being attached to the lamp body. Panel 9 shows a hand turning the switch to the 'ON' position.
